### GAINESBORO.

Everybody is getting along nicely, except those who have the Influenza. As for myself, I am feeling fine and in good health. There are several cases of Flu in Gainesboro, but only one death has resulted from it.

What has become of Bloomington R-1? Wake up and give us the news.

"Hello! Arphie Dyer, of Bloomington R-1, has the Sentinel reached you yet, and how do you like it? As well as you thought you would, I am sure you do,

it is a good paper.

Davis Grogan write us the news as you said you would.

The writer received a message from Camp Kearney, California, that his brother, James G. Jackson, was not expected to live, being critically ill with Influenza and pneumonia. But later received a message that his condition was better. Sincerely trust that he may recover.

There was a large crowd in town Monday, Oct. 28th, and a number of nice mules were sold.

Mrs Lena Jackson, of Cleveland, Okla., how are you and Lucile? Fine I trust. Write us the news from Cleveland. Have you heard about James being sick. He has the influenza and pneumonia, but was some better the last report.

George Henry Lynch was in on a furlough from Camp Quantico, Va. He is in good health, and is a fine type of a soldier.

Mamye Lee J. how is everything in the 12th, Joe Mc Pippin called to see me Tuesday, and seemed to be cheerful and happy.

Will bring my remarks to a close with best wishes to the many readers.

Garland C. Jackson, Reg.

### SOLDIERS' LETTERS.

(continued from page 1)  
rather be at home, which I expect to be quite soon.

I don't know when I will go to France. Maybe not before spring. It is much cooler here than in the States, and it is damp and sloppy most of the time.

I haven't wrote much since I came across the pond, and don't expect to get any mail as long as I am traveling.

We have the Y. M. C. A. here as we had in the States. It furnishes plenty of amusement for the boys, which is a great help.

Will close for this time. Give regards to all.

Jessie Cason Writes From Camp Wheeler.

Camp Wheeler,  
Oct. 22, 1918.

I have just completed the Sentinel and as I have never seen any news from the camp, will write a few lines.

This seems to be a deserted place, as we do not have any Flu to speak of, only 14 cases so far.

There is not very many old men here now, but most all Rookies. There were 3000 came here today, and 1,400 of them were turned down, some of them have left for parts unknown, 400 leave tomorrow night for Washington, D. C.

There are three other Jackson county boys here, but I have not seen any of them for a while.

I am attached to the 25th Co., New Rec. Camp for a while, as acting Sergt. in a negro Co. I have some time drilling them. They get scared and you cannot learn them anything. It sure is comical to take them before the different boards. There are three new men with me in charge of the company. I guess it would be fun for an old soldier to see us handle the men. We have two mighty nice Lieutenants. They take pains learning us what to do. They are using the limited service men for all kinds of work here. I carried 40 men to the hospital Saturday, and 30 Sunday from a company of 200. I guess you think that they will all soon be in the hospital. They were all new men. They shot them for typhoid, pneumonia, Flu and smallpox as soon as they got here. It sure knocks some of them out.

They are fixing for 45,000 men to train here this winter. Starting a new theatre that will cost \$3500. The Y. M. C. A. and the other organizations are doing great work. They are going to ask for more money before very long, and I feel sure Jackson county will do her part, as she does that in everything that is right. I will close for this time.

Jesse Cason,  
Co 3 New Receiving Camp,  
Camp Wheeler, Ga.
